PROFILE

Experienced Frontend Developer with a strong focus on React, combined with a background as an IT Technical Projects Specialist. Adept at building dynamic, responsive web applications using React, HTML, CSS, and JavaScript, with a solid understanding of project management and technical coordination. Skilled in collaborating with cross-functional teams to deliver innovative solutions and streamline processes. Known for problem-solving abilities, attention to detail, and a commitment to delivering high-quality user experience.

WORK EXPERIENCE

Frontend Developer

Emtech Industrials (10th of Ramadan)   June 2024 - Currently

Skilled in HTML, CSS, JavaScript, jQuery, Bootstrap, Tailwind, SASS, and React. Experienced in building responsive, user-friendly web applications with a focus on performance and clean, maintainable code. Collaborative, detail-oriented, and up-to-date with modern frontend technologies and best practices and proven ability to collaborate effectively with designers and developers to deliver seamless, user-centric experiences.

IT Technical Projects Specialist

Masria Digital Payments (10th of Ramadan)   April 2022 - June 2024

Coordinate with bank customers to finalize card designs and process orders. Manage card data and WL letters via SFTP, decrypt data using encrypted scripts, and ensure proper identification of data for printing. Share customer data with printing machines, confirm data receipt, and ensure accurate production. Address customer issues related to cards, collaborate with production teams, and handle requests for design or data modifications.

Web Designer - Remotly

Digital Diamond (Saudi Company)   Septemper 2023 - May 2024

Created engaging videos, images, and copy for diverse campaigns. Developed marketing content for clients across various industries, including promotional material and articles. Designed logos, ads, and promotional campaigns, and built websites using HTML, CSS, and JS. Collaborated closely with clients to ensure satisfaction through open communication and feedback-driven revisions and specializing in designing and setting up online stores on platforms like Salla and Zed.
